

## On-Premises 45-lb Classic Stack Tumble Dryer

Our line of stack tumble dryers\* provides double the capacity of Huebsch single-pocket tumble dryers, while using only half the floor space. Plus, you'll still only need one set of gas, electric and exhaust hookups, simplifying installation.

### Efficient

A high-performance heater box and axial airflow pattern with sealed cylinder rims delivers the fastest, most efficient drying results in the industry. This efficiency reduces drying times and helps on-premises laundries increase throughput, while decreasing operating costs.

### Easy to Operate

Fewer moving parts mean fewer maintenance problems and less wear, while large lint compartments are easy to keep clean, saving additional operator time.

### Unmatched Durability

Huebsch tumble dryers are manufactured at our Ripon, WI headquarters. The entire machine receives Huebsch's standard three-year warranty\*\*. In addition, Huebsch has more service representatives in the field than most brands have in their whole organization.

### Galaxy™

The Galaxy control offers the flexibility of 30 programmable cycles combined with the accuracy of our moisture-sensing technology saving time and energy increasing the life of your linens, saving time and energy.

### Dual Digital (QT)

With features including one-touch cycle repeat, automatic extended tumble and a large digital count-down display, it's simple to set your drying time, temperature and cool down with the Dual Digital Control.

\* Not all models are available in all markets. In order to highlight key details, machine images do not adhere to a standard scale.

\*\* Parts only, labor not included. See Huebsch Warranty Bond for specifics.

## On-Premises **45-lb Classic Stack Tumble Dryer** Specifications

MODEL		HTT45	
CONTROL OPTION		Galaxy, Dual Digital (QT)
